Tambour

Original Sodabi

Tambour Original is a finely crafted palm liquor from the tropical coastline of Benin, West Africa, that celebrates the proud roots and traditions of the region's liquor.

Twice-distilled for superior quality, then masterfully finished in small batches with American oak, hibiscus flowers, dates, honey, and other local tropical fruits and spices for an intensely smooth and uniquely African spirit.

X-GIN

Premium Belgium Gin

\$44.99 - 49.99
500ML/45%

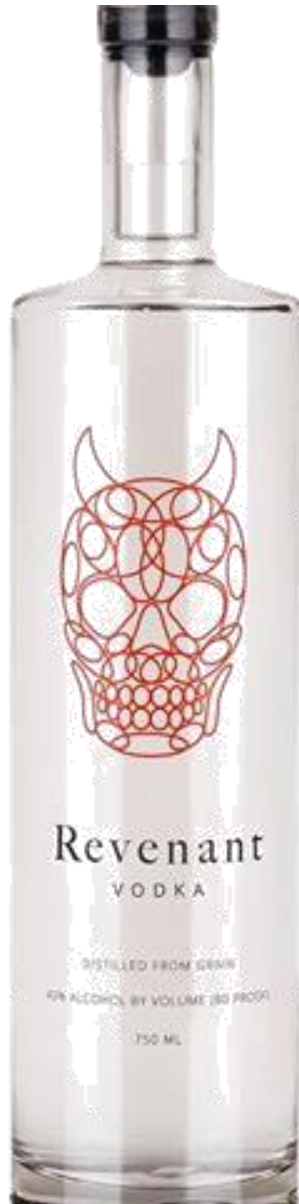

X-Gin combines juniper berry with 15 herbs and several of the best spices known to man. It has the taste of passion with a hint of cocoa and the tiniest whiff of vanilla. Its pure and soft aromas provoke an intense feeling of pleasure.

THE ORIGIN

It was a time of Incas and Mayas. A time of death by sacrifice and heavenly thirst that needed to be quenched. So the kings and queens gave order to the brewing masters to brew a godly nectar.

They created a secret recipe of which is known that it contained the slightest hint of cocoa. They called it 'Xocoatl'. It was only meant to be enjoyed by kings, queens and Gods. It brought the gift of long life, intelligence and it instilled passion in those who had the fortune to drink it.

According to legend it was the world's first aphrodisiac. And so the Xocoatl recipe was revived and brought back as the X-Gin.

James F.C. Hyde Whiskey

- Premium Whiskey produced in USA
- Sorghum based
- Gluten - free

Fermenting and distilling one of nature's finest distillates, we then age it like a fine bourbon or rye in new, small, charred American oak barrels at proof strength of no more than 125. This results in an extraordinary set of flavor and aroma notes in a gluten free whiskey.

A whiskey that captures the very essence of sorghum, both in rich taste and 160 years of American heritage.
